[Intro: C – D – F – C ]

C  
Something's gotta change in you

D  
To make you wanna work it through.

F C  
Now don't be sad – come out of your corner.

Last night's headlights caught you good.

Today you should be understood.

F C  
Be big and strong – you're getting warmer.

Am Em  
When you feel the pain, when no one explains,

The world's reaching for you.

Am Em  
The mirror's big surprise, who's that with the prize,

Dm-F G-G7  
And who's looking at you?

C

So break up your stride and wake up your pride

And don't you fear what waits outside,

When you feel the pain, when no light remains,

The tinsel town is burning bright.

D

It's time to run into the light.

You're on fire. Don't give 'em a warning.

Oh, can't you see you're finally free?

Come on now, girl, you've got the key!

One Simple Deed, one single lead,
